On behalf of the educational body of our institution, I wish to express my sincere gratitude for the association of the ASHIA-CH for the marvellous job you are doing to assist first all the underprivileged of our Country Cameroon and especially for those in Bango. We thank the little children who contributed the sum of money you handed to us ₦25,000 which has helped in various ways. We acknowledge all the members who formed part of your group and all generous people of any kind. We have offered you all a holy mass so that God may continue to bless the work you are doing, your families, give you good health and above all travelling mercies where ever you are travelling to. Here you have an accurate account on how the money has been spent.

As we shared with you last time, you know our school is new and we lack classrooms and we are just patching up in the mission. Next academic year we shall have no where to have class four in the primary school. so at the moments we are in need with of two classrooms and equipments, like tables, black boards etc. we are counting on your supports.

May the good lord continue to bless you abundantly.

Yours Sincerely  
Sr. Priscilla Timben  
headmistress.
